

IVTPC Minutes

1/13/17

Meeting was called to order at 1:10.

Ottawa Friendship showed a video of their 50th anniversary and a tour of the DT facilities.

Kristie talked about Transition Summit: Putnam County High School are continuing with their Transition Tuesdays. Seneca is planning on hosting a Transition Summit on March 16th. LP will be having a different presenter each month for the next 3 months. Streater is working on organizing their Transition Summit and setting a date for possible sometime in April.

Discussion was had on different food programs for students who are in need. Each high school talked about what their school does to help out with their students in need.

Project Work: Kristie talked about having all the coordinators send out the tutorial for the use of the IVTPC website to all of the schools. Jodi will communicate to the coordinators at LEASE to send this information out. Please see the attachment for these tutorials. If you have any questions please feel free to ask Kristie or Marla.

A Conversation was had about how different residential services have changed over time. The changes which have occurred have affected both the way people are able to obtain those services and the type of services available. It was decided that the next meeting will be the adult agencies presenting the different type of residential programs they each offer and the details with each program.

Agency news:

Streater: No big news
