

LEASE Preschool Screening Protocol

In person screenings will be conducted at this time. Please note that the screening procedure is subject to change pursuant to updated public health guidance and changing public health conditions. Please check back often for updates.

Due to COVID-19, additional health and safety measures have been put into place. During your child's screening, CDC/ISBE guidelines and protocol will be followed. Only one parent or guardian will be allowed entrance into the building. Face masks must be worn at all times and social distancing practices will be observed. A temperature check and a wellness screening will be conducted before your child is screened.

If you and/or your child are feeling ill or exhibiting any of the following cold or flu like symptoms including (fever of 100.4, cough, difficulty breathing, sore throat, pressure in the chest, extreme fatigue, earache, persistent headache, diarrhea, and persistent/new loss of smell or taste) a screening will not be conducted and you will be asked to reschedule your child's appointment.
